Selective area reprints can be made from your negatives and are charged at £1.00 extra per print.

Colour matching is very subjective and very rarely 100% accurate. Where a close match is required to an existing print, you **MUST** supply the original for us to use as a guide.

If no sample is supplied, we will use our best judgement and **NO** guarantee can be given that the new prints will match any existing ones you have.

*Prices effective 04.01.2011
(including VAT @ 20%)*
